# CARDIAC ARREST HAS NO BOUNDARIES

Calon Heart Screening and Defibrillators is an award-winning charity founded by Sharon Owen in 2013 to help promote heart health throughout the country. Our passion to save lives has had a positive impact on communities, and we are excited to now take our lifesaving work of screening people for life-threatening heart conditions, placing defibrillators, and teaching CPR all across the UK!

# OUR VISION

Every week in the UK, 12 seemingly fit and healthy young people die from undiagnosed heart conditions which could have been detected through a simple screening.

Our vision is to create a future where nobody in the UK dies prematurely from heart disease.

We can only achieve this with your support.

# OUR MISSION

- ♥ Free heart screenings for 16 – 25 year olds
- ♥ Part-funded heart screenings for anyone over the age of 25.
- ♥ Provide public access defibrillators
- ♥ To provide free defibrillator and CPR training for the public
- ♥ To ensure that monies raised are utilised and distributed across the country

# OUR IMPACT SO FAR:

# WHY SUPPORT US?

Calon Hearts doesn't receive any government funding, which means we rely solely on kind donations from our generous supporters, such as yourself.

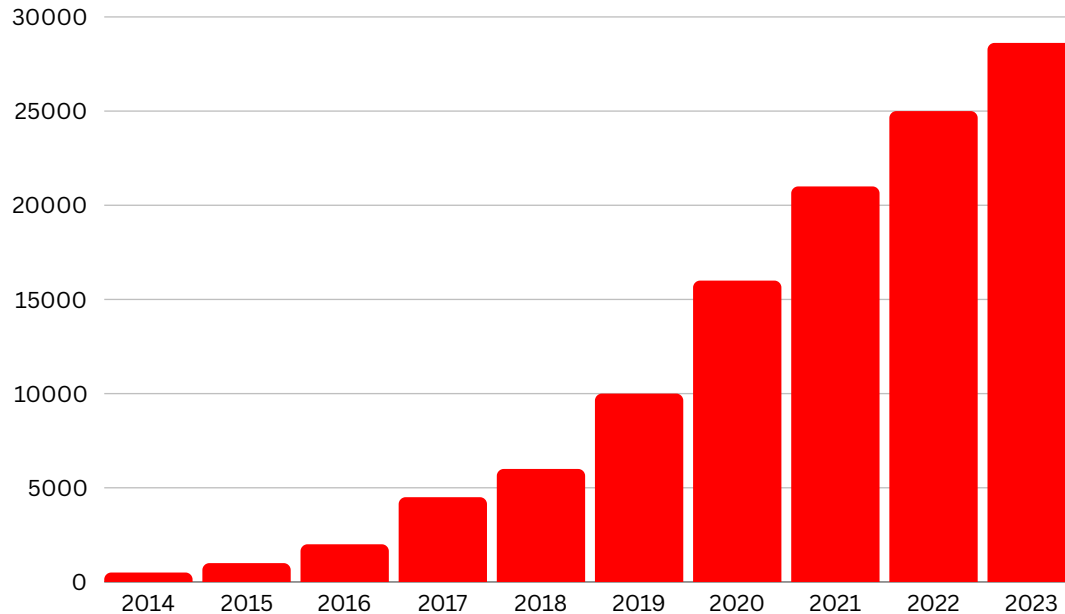

Calon Hearts put on many fundraising events throughout the year to raise vital funds for our lifesaving work.

Every penny you raise will go towards funding public access defibrillators and heart screening sessions throughout the UK, so you really will be making a difference and helping us save lives!

# DEFIBRILLATORS

The number of defibrillators we've placed in communities since the charity's inception in October 2013. The number of defibrillators we are able to place increases exponentially each year.
