# A MESSAGE FROM OUR CHARITY FUNDRAISER

*"Calon Hearts began with my own heart diagnosis at the age 11 and the loss of our family members to heart disease. I founded this charity to save lives through heart screening, CPR training, and the placement of defibrillators. Every screening, every donation, every defibrillator placed makes a difference. I won't stop until screening is routine across the UK."*

*– Sharon Owen, Founder & Charity Director of Calon Hearts  
Screening UK*

# ABOUT CALON HEARTS

Calon Hearts is Wales' leading heart charity, dedicated to saving lives through free heart screenings, defibrillator placements, and CPR training. Founded by Sharon Owen following her own heart condition diagnosis and personal loss, the charity works tirelessly to prevent sudden cardiac deaths—particularly in young people. With over 36,076 defibrillators placed, 236,355 individuals trained, and 26,978 hearts screened, Calon Hearts is committed to creating heart-safe communities across the country.

# CARDIAC ARREST HAS NO BOUNDARIES

Calon Heart Screening and Defibrillators UK is an award-winning charity founded by Sharon Owen in 2013 to help promote heart health throughout the country. Our passion to save lives has had a positive impact on communities, and we are excited to now take our lifesaving work of screening people for life-threatening heart conditions, placing defibrillators, and teaching CPR all across the UK!

# OUR VISION

Every week in the UK, 12 seemingly fit and healthy young people die from undiagnosed heart conditions which could have been detected through a simple screening.

Our vision is to create a future where nobody in the UK dies prematurely from heart disease.

We can only achieve this with your support.

# OUR MISSION

Free heart screenings for 16 – 26 year olds

Part-funded heart screenings for 26 years and over.

Provide public access defibrillators

To provide free defibrillator and CPR training for the public

To ensure that monies raised are utilised and distributed across the country for our heart related projects.

# OUR IMPACT SO FAR:

# WHY SUPPORT US?

Calon Hearts doesn't receive any government funding, which means we rely solely on kind donations from generous supporters, such as yourself.

Calon Hearts put on many fundraising events throughout the year to raise vital funds for our lifesaving work.

Every penny you raise will go towards funding public access defibrillators and heart screening sessions throughout the UK, so you really will be making a difference and helping us save lives!

# DEFIBRILLATORS

The number of defibrillators we've placed in communities since the charity's inception in October 2013. The number of defibrillators we are able to place increases exponentially each year.
